

## **MessageSolution™ Enterprise Email Archive™ Featured at IBM's Lotusphere® 2008 Conference**

Orlando, FL, January 21, 2008 -- MessageSolution, Inc., the leading innovator in email and file archiving, electronic discovery, information retention, storage management, email compliance and litigation support, is exhibiting its premier product, Enterprise Email Archive™, to attendees of IBM's 15<sup>th</sup> annual Lotusphere® Conference in Orlando, Florida, from January 19 through 24.

MessageSolution Enterprise Email Archive™ will be highlighted among IBM's select business partners verified by IBM to support Lotus Domino Version 8.0. This unique capability earned Enterprise Email Archive™ a featured spot in a presentation outside the Solutions Development Lab.

In addition to supporting Windows, Linux, and Mac platforms, Enterprise Email Archive™ is also one of the few solutions in the industry to support all major handheld messaging devices from market-leading vendors, including corporate favorites like BlackBerry.

Enterprise Email Archive's mobile archiving solution gives corporate legal counsels or compliance and security officers "anytime, anywhere" legal discovery access. Users can search for and retrieve archived data from any platform, in any major international language, from anywhere in the world.

## **About MessageSolution, Inc.:**

MessageSolution is the top provider of email, file, and instant message archiving, electronic discovery, compliance, and content storage management. MessageSolution's products enable organizations to mitigate risk, reduce costs and storage requirements, optimize server performance, and comply with industry and federal regulations. Based in Silicon Valley, California, MessageSolution maintains operations in North America, Europe, and Mainland China, along with distribution channels in Europe, South Africa, Australia, and Asia Pacific.

MessageSolution's award-winning products, Enterprise Email Archive and Enterprise File Archive, are cross-server onsite archiving software applications. Both products serve organizations across all industries, including finance, health care, education, manufacturing, government agencies and non-profit organizations worldwide. MessageSolution's products free IT administrators from daily maintenance and increase overall employee productivity. For more information, visit <http://www.messagesolution.com>.

MessageSolution is actively working with partners around the world to develop its worldwide business presence. Please visit our web site for more information on the Global Partner Network Program.

## **What Differentiates MessageSolution Products:**

Customers continually emphasize MessageSolution products' excellent overall performance and ease of use, with quick implementation and sub-second data retrieval, along with the intuitiveness of the interface and ease of maintenance. MessageSolution's intelligent back-end design significantly reduces installation requirements, backup time, and the need for technical support calls.

MessageSolution Enterprise Email Archive™ deftly manages petabytes of data daily, a powerful enterprise archiving tool. Electronic discovery and litigation support are empowered by the archive's built-in search engine, which searches through millions of emails within seconds across global locations and data centers. Users can access their archive through their email client, browser, or BlackBerry.

A high in-process compression rate combined with single instance message and attachment archiving slows archive storage growth. Enterprise Email Archive™ further reduces organizations' storage costs by using only 30% of the original mail server storage space for live content archiving. MessageSolution's products support all Latin-based languages, as well as all character-based languages, such as Japanese and Chinese.

## **Customer and Partner Base:**

While continuing to grow rapidly in the North American market, MessageSolution has established its worldwide product channel representations in strategic countries and regions. Western European countries represented include Germany, the Netherlands, Belgium, and the United Kingdom; MessageSolution's international reach also includes China, Taiwan, Hong Kong, Japan, Singapore, Malaysia, the Philippines, Australia, New Zealand and South Africa.
