MessageSolution Showcases its Newly Released Enterprise Archive and eDiscovery Platform 7.0 at TechEd Expo, Supporting Microsoft Exchange and SharePoint 2013

MessageSolution, the global technology leader in enterprise information archiving and eDiscovery for Microsoft Exchange, SharePoint and Office 365 Cloud, will be exhibiting its award-winning On-Premise, Cloud Archiving & eDiscovery Services, and Managed Service Provider (MSP) Hosted Platforms at Microsoft's TechEd 2013 in New Orleans, Louisiana

June 3, 2013 (Milpitas, CA and New Orleans, LA) - MessageSolution, Inc., the global technology leader in enterprise archiving and eDiscovery solutions, showcases its enterprise legal discovery, information archiving and cross-platform migration solutions to support Microsoft Exchange and SharePoint 2013 at Microsoft's TechEd 2013 in New Orleans, Louisiana from June 3-6, 2013.

"Fully supporting Microsoft's Exchange and SharePoint 2013, our newly released Enterprise Archive and eDiscovery Platform 7.0 provides a highly controlled, searchable data store for cost effective legal discovery, compliance archiving, storage offloading, and legal case management." says Kevin McInerney, Global Marketing Strategist at MessageSolution, "We're the only provider in the market delivering all 3 platforms -– cloud archiving and eDiscovery online services, enterprise on-premise solution, and MSP hosted archiving platforms. We provide clients and partners with more implementation options and maximize MSP partners' service revenue".

MessageSolution Enterprise Archive for Email, SharePoint, File Systems, and Email Continuity

Deployed both on-premise for enterprises and hosted in MessageSolution Cloud Archive Network or by MSP partners, MessageSolution offers a suite of corporate information archiving and eDiscovery systems for email, SharePoint, File Systems, and Email Continuity

- In process compression and SIS to cut storage by 75%
- SharePoint Management Solution is integrated with Microsoft RBS and EBS protocol for storage offloading, ensuring 100% SharePoint performance
- Email Continuity function empower organizations and end users to continue email availability in the event of their Exchange server is down

MessageSolution Enterprise eDiscovery Platform 7.0 Release

MessageSolution will be showcasing the latest, comprehensive eDiscovery suite at Microsoft TechEd 2013 as the company continues its eDiscovery tour this year. Designed for legal departments to work in tandem with the IT team, MessageSolution 7.0 eDiscovery Platform offers a well thought-out solution to streamline of the processes of ESI data collection and identification through a multi-tiered review, forensic discovery, and producing ESI for multiple, simultaneous cases. The solution is offered for both on-premise enterprise deployment and off-site cloud eDiscovery service implementation.

MessageSolution Cloud Integration

In addition to its own cloud network, MessageSolution, as a Microsoft Gold Partner, integrates with Microsoft Azure as well as other public and private clouds for full-featured, hands-off archiving experience. MessageSolution also offers a multi-tenant platform for hosting service providers. With the industry-leading scalability to archive over 25,000 users on each hardware server configuration which surpasses competitors' scalability 5-6 times in capacity, provide independent administration consoles and granularly configurable features, and affordability for the end users, MessageSolution boast a very high ROI and according to Gartner's 2012 Magic Quadrant Report, "customer satisfaction is high."

Microsoft TechEd 2013 North America

MessageSolution will be at the New Orleans Morial Convention Center in LA from June 3-6 for TechEd 2013 (Booth # 2516). TechEd, Microsoft's premiere event for IT professionals and enterprise developers, offers hands-on learning, deep product exploration and face-time opportunities to build relationships with a community of Microsoft experts and peers.
