MessageSolution Compliance Archiving & eDiscovery Platform for Emails, OneDrive Files & SharePoint Online in Office 365

MessageSolution™
Enterprise Archiving, eDiscovery, Migration

Advanced Compliance Archiving & eDiscovery for O365 E1, E3, and Business Plans

MessageSolution Advantages for Companies' Planning or Migrated to Office 365

MessageSolution provides real-time archiving process for the data in Office 365, ideal for companies with compliance policies and preserving necessary litigious data. In the case of outstanding litigation and compliance audit, MessageSolution's failsafe capability enables diverse storage email continuity and access to unified search of all data in Office 365. Prior to migration, MessageSolution archives from the decommissioned mail servers to minimize the migration project.

- Maintain Ownership, Protection and Control of Archived Data
- Preserve & Archive for Historical Cases & Users' Files through OneDrive and SharePoint
- Unlimited eDiscovery Searches / Record management & extended legal discovery features
- Outlook Folder Discovery Access to ensure C-level access with selective archiving
- Archiving of Immutable data to ensure compliance and eDiscovery requirements are met
- Competitive Pricing with functions of Advanced Compliance & eDisocvery All-in-One Program
- Geographic redundant archive to mitigate the risk of Single Vendor Lock-In
- Ease of Transitioning when company migrates before Office 365's 90-day Renewal Deadline

MessageSolution Advanced eDiscovery Platform for Office 365 Environment

MessageSolution's Advanced eDiscovery Platform serves the interest of O365 business users, including E1 and E3 subscribers, by providing an unparalleled feature-set that delivers compliance archiving for emails, files in OneDrive and SharePoint documents. MessageSolution emphasizes value for Case Management, Legal Hold, notification services for Legal Hold, and eDiscovery.
